Consent Agenda - Orders and Resolutions

1 (Rev.)

[6651]

Res E-4052 - Southern California Edison Company (SCE).

This Resolution requests Commission approval to establish a Renewable Transmission Feasibility Study Costs Memorandum Account to record up to \$6 million to study the feasibility of accessing new renewable resources. This Resolution approves SCE's request with modifications intended to fold SCE's proposed scope of work into a larger statewide effort. Specifically, SCE is authorized to establish a renewable transmission memorandum account and record costs, up to \$4.5 million, provided its studies are conducted within the framework of the newly-established California Renewable Energy Transmission Initiative (CRETI). (Advice Letter (AL) 2062-E, filed November 22, 2006 and Supplemental AL 2062-E-A, filed April 2, 2007 to replace AL 2062-E in its entirety)

5**R04-04-026 - Order Instituting Rulemaking to implement the California Renewables Portfolio Standard Program.**

[6688]

In D04-06-014, the Commission adopted standard terms and conditions (STCs) to be used in contracts executed to procure electricity pursuant to the California Renewables Portfolio Standard Program. The Commission specified that some STCs are subject to modification by parties while others are not. Petitioners seek clarification of the process for changing STCs. Petitioners also seek the lifting of all current restrictions on negotiation of designated STCs. The petition is granted with respect to providing clarification, and denied in all other respects. The proceeding is closed.

Pub. Util. Code § 311 – This item was mailed for Public Comment.

11 **I01-04-026 - Order Instituting Investigation into the Revenue Requirement of SureWest Telephone Company Pursuant to Decision 00-11-039.**
[6831]

This decision makes permanent the temporary reduction in SureWest's annual California High Cost Fund B (CHCF B) draw by a \$1.3 million consumer dividend to \$10.2 from \$11.5 million. More importantly, it provides for SureWest's annual CHCF-B draw to end on January 1, 2012. Finally, it rescinds the D05-08-004 requirement that SureWest prepare and submit an updated cost proxy model.

[6839] **Res ALJ 202**

This resolution extends the pilot program established in Resolution ALJ-186, which permits the Commission to approve certain transactions involving the transfer or disposition of utility property by advice letter, rather than a formal Section 851 application and Commission decision, for an additional three years. The Resolution also amends the pilot program in order to reflect recent amendments to Pub. Util. Code Sections 851 and 853, and the Commission's adoption of General Order 96-B, applicable to advice letters generally. The Commission may further amend the pilot program in the future, based on its continuing experience with the pilot program and the comments of the parties.

For authority, among other things, to increase revenue requirements for electric and gas service and to increase rates and charges for gas service effective on January 1, 2003. I03-01-012; A02-09-005 - Related matters. This decision finds that PG&E systematically violated its tariff Rule 17.1 by issuing backbills related to periods of no bills and to estimated bills, where the cause for the estimation was within PG&E's control, beyond the time limits permitted under the tariff. The Commission orders PG&E to refund, at shareholder expense, approximately \$23 million for illegal backbill charges. The Commission further orders PG&E to refund reconnection fees (with interest) and pay credits to certain customers whose service was shutoff for nonpayment of illegal backbills. These proceedings are closed.

ALTERNATE TO ITEM 6617

PROPOSED ORDER OF COMMISSIONER PEEVEY DIFFERENT FROM PRESIDING OFFICER'S DECISION. I03-01-012; A02-09-005 - Related matters. This Decision Different addresses PG&E's violation of Rule 17.1 of its tariffs, which limits the period for which it can backbill customers. It determines whether refunds are warranted, who should finance the refunds, the time period that should be used to determine the refunds, and whether PG&E should be penalized. It also addresses possible prospective remedies regarding changes to Rule 9 of PG&E's tariffs and the ratemaking treatment of uncollectible amounts. It goes on to respond to the South San Joaquin Irrigation District's (SSJID) assertion that PG&E violated Rule 9 by failing to regularly read SSJID's meters and issuing inappropriate bills. This Decision Different reaches the same conclusions as the Mod-Pod, but does so via a different legal analysis with respect to the statute of limitations, tolling, and CorDaptix stabilization period.

A06-02-023 - Golden State Water Company (GSWC).

This decision grants rate increases for the period 2007 to 2009 for Region II and the general office operations of GSWC. The decision also accepts all but one of the terms of a settlement stipulation that GSWC and Division of Ratepayer Advocates (DRA) submitted on 8/4/06 concerning virtually all of the Region II issues and some of the general office issues. However, with respect to GSWC's general office General Rate Case, the decision also concludes that (1) neither GSWC's nor DRA's cost allocation study should be accepted, so a new approach developed by the Commission should be used instead, (2) owing to the vagueness of its cost estimates, GSWC should not be allowed to recover more than \$2.983 million for the new Customer Information/ Customer Relationship Management computer system it has requested without first filing a Tier 3 advice letter pursuant to General Order 96-B, (3) 21 of the new general office jobs requested by GSWC should be approved, but a 10% reduction in the amounts requested for these jobs should be imposed due to GSWC's failure to present the full rationale for many of these positions until the company submitted rebuttal testimony, (4) the 4 new general office jobs needed principally to comply with the requirements of the Sarbanes-Oxley Act should be authorized, but the costs of these positions should be split equally between GSWC's shareholders and its ratepayers, (5) DRA's attack on 8 new general office jobs that were allowed as part of D04-03-039 should be rejected, and (6) most of the miscellaneous issues noted in the 8/4/06 stipulation on which GSWC and DRA were unable to reach agreement should be resolved in favor of the company. 54a**ALTERNATE TO ITEM 6851**

[6852]

This alternate decision (like the proposed decision) grants rate increases for the period 2007 to 2009 for Region II and the general office operations of GSWC. The decision also accepts all but one of the terms of a settlement stipulation that GSWC and Division of Ratepayer Advocates (DRA) submitted on 8/4/06 concerning virtually all of the Region II issues and some of the general office issues. However, with respect to GSWC's general office GRC, the decision also concludes that (1) neither GSWC's nor DRA's cost allocation study should be accepted, so a new approach developed by the Commission should be used instead, (2) owing to the vagueness of its cost estimates, GSWC should not be allowed to recover more than \$2.983 million for the new Customer Information/ Customer Relationship Management computer system it has requested without first filing a Tier 3 advice letter pursuant to General Order 96-B, (3) 19 of the new general office jobs requested by GSWC should be approved (4) the 4 new general office jobs needed principally to comply with the requirements of the Sarbanes-Oxley (SOX) Act should be authorized. (5) DRA's attack on 8 new general office jobs that were allowed as part of D04-03-039 should be rejected, (6) most of the miscellaneous issues noted in the 8/4/06 stipulation on which GSWC and DRA were unable to reach agreement should be resolved in favor of the company, and (7) it affirms the ALJ's ruling denying the motion of DRA to strike rebuttal testimony. This proceeding is closed. The alternate differs from the proposed decision in two areas. The alternate would fully fund the costs of the SOX positions with ratepayer funds, and the alternate would assess a \$25,000 penalty for GSWC's failure to present the full rationale for many of the new general office positions until the company submitted rebuttal testimony. It directs Water Division to issue and Order to Show Cause (OSC) why GSWC should not be fined \$25,000 for its conduct and directs DRA to serve as the Commission's advocate for the fine in the OSC hearing.
